

## CIEO Training Centre Package

CIEO(Canadian International Educational Organization) is a high-end education brand from Canada. It is partnered with a number of professional educational institutions in the USA and Canada, and provides pre-school education, children's English training centres, international schools, foreign language schools, and a Canadian International High School. CIEO has also, with the aid of overseas-education experts, published it's own system of curriculum.

As one of the largest education organizations in Guangzhou, CIEO offers constant support to teachers who are trying to find their way into the education field. Your housing, which is provided for by the school, is located in apartments right alongside a large local food street, and offers convenient transportation to-and-from your workplace. Our pay is competitive with other schools in the city, and we offer health insurance, along-side of full flight-reimbursement. At CIEO, our classrooms offer a high-quality experience for both the teacher and the student, with projectors, white-boards, and Chinese teachers to help assist your teaching. Beyond this, our community of foreign teachers in Guangzhou have always been helpful in assisting new teachers in getting to know the city.

The current position being offered is for a teaching position in one of our training centres. A training centre position allows teachers the chance to take up to 8 classes that will be their own for the year, with students aged anywhere from 4 years old up to 18 years old. This is a good school for a teacher that comes out to China wanting to learn more about the culture of the country, as it allows teachers to experience a wide breadth of educational experiences.
